TIPS TO SELL VOIP

SUPPORT

You and your customers can call or email our support team anytime for questions, troubleshooting, enabling features, changes or ideas you want to brainstorm. We never charge for a conversation.

Significant Cost Savings

- Less expensive than comparable VoIP providers or Landline offerings
- No surprise fees or surcharges
- All local and long distance included

Award Winning Support

- Empathetic and friendly support team
- Help that is approachable, customize-able and solution driven

Easy to Understand Pricing

- No tier pricing, all features included with no "upcharge"
- No setup fees or installation charges

FEATURES

We keep it simple with all features included in a flat rate price. Offer your customers efficient features: voicemail to email, auto attendant, call routing, automatic office hours, call recording, multi-location, on-hold music and more!

Increased Functionality

- Enterprise-class Business Phone Features
- Accessible, easy to understand tools and reporting
- Advanced features ready for advanced business

Industry Leading Reliability

- Engineered to reduce outages and interruptions
- Quality voice with no white-noise or crackling
- Nationwide infrastructure, geographically diverse

No Contracts. Ever.

- No long-term obligation
